## THE STATE OF NEW HAMPSHIRE

---

To the Inhabitants of the Town of Woodstock in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town House in said Woodstock on Tuesday, the 11th day of March, next, at 10:30 of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the town will authorize the selectmen to hire such sums of money as may be necessary in anticipation of taxes.

4. To see what discount will be allowed on taxes paid on or before September 1, 1941, and if 20 cents will be added to each poll tax not paid September 15, 1941.

5. To see if the town will vote to adopt the budget as printed.

6. To see if the voters wish to adopt the ballot system of voting, as of section 26, of the public laws of New Hampshire.

7. To transact any other business that may legally come before the meeting.

Given under our hands and seal, this 17th day of February, in the year of our Lord nineteen hundred and forty-one.

R. B. SAWYER,  
H. D. SAWYER,  
S. M. AVERY,

Selectmen of Woodstock.

|  | \$ | 295.65 |
| Number of cases in court for the year  |    | 34     |
| Abandonment of family                  |    | 1      |
| Assaults                               |    | 2      |
| Board, neglect to pay                  |    | 1      |
| Stealing                               |    | 3      |
| Drunks                                 |    | 10     |
| Motor Vehicle laws:                    |    |        |
| Driving so as to endanger              |    | 2      |
| Speeding                               |    | 5      |
| Reckless operating                     |    | 1      |
| Operating unregistered auto            |    | 1      |
| Failure to keep on right side of road  |    | 1      |
| Failure to return to scene of accident |    | 2      |
| Operating under the influence          |    | 4      |
| Neglect to have car inspected          |    | 1      |
|  |    | 34     |

All fines in cases where State Police or Motor Vehicle officers are complainants go to the respective State Departments, only the court fees of three dollars go to the town treasurer.

During the past year, the local court has adopted a new policy regarding the imposing of larger fines for the offences other THAN these known as "Offences against the Police of Towns".

As an example to illustrate the newer policy, instead of imposing one hundred dollar fine for first offence of operating under the influence of intoxicants,

which often takes money from families badly in need of the necessities of life, this court has adopted the policy of giving a small fine in addition to the costs, or in some cases no fine at all; and giving the respondent a suspended sentence in the House of Correction; the sentence is for six months, and the Mittimus to issue at the call of the State Commissioner of Motor Vehicles, in case a later violation is reported to that official. This is on the belief that this six months in the House of Correction, which they will have to serve certainly if the Commissioner calls for the mittimus, has far more of a deterrent influence than a fine, even tho the fine is a large one. And the feature that I like best is this, that IT WORKS.

Justice.

## REPORT OF L. F. PARKER, WATER COMMISSIONER

---

Much of the water commissioner's work during the early months of 1940 was concerned with frozen pipes. Last spring new pipes were laid for the Paradise Road extension and work done on School street. With these repairs and earlier snowfall there has been no difficulty so far this winter.

Through the spring and summer and into the fall most of the work was the changes made necessary by the new highway construction, and a detailed account would be too lengthy. Some of the large jobs were:

Changing the 3" cottage line from Moosilauke Bridge to the east end of Fairview Bridge, with new connections for all summer homes in that area:

Raising and lowering the 6" main at Woodstock in different sections and putting in extensions to reach the taps there:

Moving the hydrant and main at Glover Brook.

Also the permanent water main was laid at Pond Brook Bridge, North Woodstock, and the north reservoir cleaned. Work at the south reservoir must be done as soon as weather conditions allow this spring.

The following new taps were made in 1940:

The Walden cottage on Courtenay Road.

The Humphrey house, Mr. Emo's and Mrs. Cloud's (for Glenn Hart) on Lost River Road.

The Hiltz brothers houses and Freeman Brooks house on Paradise Road.

The White Mt. Diner on Main Street.

The LaBreque house on Lincoln Road.

Hallowe'en celebrations versus the town water system are getting to be a serious problem. Hydrants

easily get out of adjustment, and are pretty expensive playthings. It will cost quite a bit to repair the damage done last October. The town water system is so closely related to the health and safety of all residents that it certainly should not be tampered with by anybody "just for fun". Sometimes that kind of fun has an unhappy ending.

## WOODSTOCK OUTING CLUB REPORT

---

### Parks and Playgrounds

The unsightliness of Cascade Park has been the concern of many. With the selectmen's authorization, the Outing Club set out to improve things. Stumps were removed with dynamite. The State Highway Department hauled loam procured from shoulder widening operations. The lot was brought up to an even grade, better loam was used for the top. Fertilizing, seeding and brushing followed, a gravel walk through the middle and several flower beds were put in. The lot was mowed twice with a scythe.

Recommendations should include removal of the stone and cement fountain and pool structure which is breaking up. This fixture was apparently an attempt at formality in an informal setting. It is out of place. A plain grassy slope with steps, flowers and shrubbery would be a decided improvement. Several border clumps of shrubbery would be attractive. If mowed with a scythe, it should be done often.

At Soldiers Park, the usual spring cleanup, removal of a tree, several mowings with a scythe and a little fertilizing were the only Outing Club efforts. A nature lover nearby extended himself as he has many times in the past to improve this park with flowers and shrubbery. Thanks are due him. Recommendations should include the removal of a very antiquated and ugly iron fountain and much needed thinning out of the trees which are too thick to grow properly themselves or allow the grass under them to grow well.

At the baseball field, bleachers were reconstructed, many rocks removed, and several blown down pines cut out of the left field sections.

The above accounts for the spending of \$178.15 of the \$200.00 appropriation.

### **Ski Slope**

The slope and trail was mowed. A shed for wood was moved up near the hut. Some work was done on the trail. Only part of the money was used on this project, the remainder being set up as an appropriation liability to be used in the future.

Recommendations should include removal or covering of several rocks in the slope. Bumpiness in some places could be improved by filling and grubbing. The bottleneck condition around the bridge at the foot of the slope should be improved. If the nearby Outing Club trail is to be used, it must be lengthened, smoothed, and made faster. It is not desirable for races in its present condition.

## MOOSILAUKE LIBRARY

---

From January 31, 1940 to January 31, 1941 the number of patrons served were 278. Number of books issued 2,450. Magazines given to the library by Mrs. Edward Temple, Mrs. Norman Fadden, Mrs. Emo, Mrs. Freeman Brooks, George Bennett. Books given by Mrs. Whitehead and Paul Curtiss. The bookmobile of the N. H. Public Library Commission began in the autumn to make regular calls on our libraries and schools, bringing books once a month for exchange. Its popularity grows with each visit, with the teachers the pupils and adult readers.

## FOREST FIRE WARDEN'S REPORT, 1940

---

We have had four fires reported in to Concord this past year. All of these fires have been held to less than an acre. The people of Woodstock can hold this record in years to come, if they will not BUILD FIRES when it is windy or DRY. First come to your TOWN WARDEN and ask him for a WRITTEN FIRE PERMIT. Second report all smokes that you sight to him or to one of his Deputies at once. We now have a Forest Fire Lookout on Grandview that is on the lookout for fires and if you do not have a FIRE PERMIT YOUR FIRE is reported at once. KEEP Woodstock FREE from a BIG FIRE.

## **REPORT OF SUPERINTENDENT OF SCHOOLS**

---

To the School Board and Citizens of the School District of Woodstock:

The seventh report of the present Superintendent of Schools is hereby submitted and makes a part of the report of the School Board of the School District of Woodstock.

### **High School**

The report of the Headmaster sets forth two important changes—one, the introduction of a new course in mathematics and the other, the lengthening of the School day. Commuting students in other districts are often away from home from early morning until late afternoon and accept the situation merely as the work of the day. This additional period gives more flexibility in the program and more opportunity for assistance and supervision from the teachers.

Headmaster Stewart D. Thompson has strengthened the school and is thoroughly familiar with school administration, as his careful survey shows the range of activities both curricular and extra-curricular. He is of sound scholarship, presents his instruction well, and has a high professional attitude. Elsie Furlong, after five years of successful work, resigned her position to accept another in the state. Cecile Guay of Lebanon, a graduate of Plymouth Teachers College, was appointed in her place. Miss Guay, while a beginning teacher, brings enthusiasm to the group, is a thorough master of her subject material, and a good disciplinarian.

### **North Woodstock Elementary School**

Roland C. Weeks left the district at the end of the year to accept a more responsible one in the northern part of the state. Mr. Weeks served the district faithfully and efficiently for five years. He was very careful in detail and made careful study of the apparent possibilities and limitations of every pupil in his

room. A map of the state of New Hampshire which won first prize at the Plymouth Fair is on exhibition in the school hall and shows the splendid cooperation of Mr. Weeks with the pupils.

The administration of the school was in my opinion extremely fortunate in securing Laurence Perkins to take over this room which at this writing has forty-eight pupils in attendance. This is a very heavy load, particularly of children of adolescent age. Mr. Perkins has his work so well organized that hardly a motion seems to be wasted. In no other way can the room be handled. He is performing a difficult assignment in a calm and masterly manner. With approximately sixteen going out of the eighth grade in June, it is expected that the number will decrease to nearly forty in another year.

### **Woodstock Schools**

Muriel Smith is in charge of the grammar room and Mrs. Henrietta Towers, the primary room. Both these teachers are of successful experience, and the work of this school is motivating well. At this writing there are fourteen pupils in the grammar room and twenty-two in the primary room. With a large fourth grade going into the grammar room in another year, a little larger enrollment is anticipated there. The Woodstock school took a prize at the Plymouth Fair for an exhibit entitled, "Our Country is a Democracy".

### **Public Prize Speaking Contest**

"The Quest Club" sponsored prize speaking last year, starting very wisely in a modest way in the high school study hall. The contest was opened to the entire district and was organized in one section for the high school and in another section for the grammar school. The speaking was very creditable, and a good start was made in what the writer hopes will become a permanent function of the community. There is hardly a vocation in which the ability to think and speak on one's feet is not necessary for outstanding success. The world will soon forget who wins these prizes, but the entire group has acquired a skill that

will be invaluable in whatever walk in life their destiny takes them.

### **Property**

The Board installed during the year hot water at the high school building which is a distinct improvement. It is making arrangements to install an automatic pump in the boiler room, to take care of conditions arising from high water, and for the installation of a fire alarm system throughout the building. It is renting Donaros Hall for basketball and other activities that cannot be carried on in the high school building. The Woodstock Center was painted inside last summer.

### **Conclusion**

In conclusion, it is the best judgment of the writer that the instruction and administration of the schools of the district are the best it has been during the present supervision. I believe the school dollar is going the full length. When the building at North Woodstock is painted, that property will be in as fine a condition as can reasonably be expected.

Respectfully submitted,

ALLAN M. McCURDY,

Superintendent of Schools.

January 30, 1941.

### Report of Headmaster

Woodstock High School  
North Woodstock, N. H.  
January 27, 1941

Mr. Allan M. McCurdy  
Superintendent of Schools  
Plymouth, N. H.

I hereby submit my first annual report of Woodstock High School.

School began on September 4, 1940, with an enrollment of 44 pupils. At the present time there are 41 pupils enrolled distributed as follows: 10 seniors, 11 juniors, 8 sophomores, 11 freshmen and 1 post graduate.

The school day was changed at the beginning of the year making it possible to have seven periods a day instead of six. This arrangement makes it possible for the pupils who are carrying a normal load of four subjects to have three study periods in school. By wise use of their time in school, it is possible for the pupils to reduce their homework to one preparation a day. However, if the pupil is carrying more than a normal load, it is to be expected that more study should be done outside of school. There are definite requirements set up by the State Board of Education for each subject which have to be met if our school is to be an approved high school.

A survey course in mathematics has been introduced this year in the ninth grade. This eliminates the necessity of pupils from the eighth grade taking plane geometry every other year as ninth grade pupils. Also, by taking this course a child can see whether or

not his interest and ability are such to make further study in the field of mathematics worth while.

The attendance this year has been quite regular. The per cent of attendance at the present time is 96.6%. It is a generally accepted principle throughout the state that the only justifiable reason for absence from school is sickness. The practice of permitting pupils to stay out of school to work is detrimental to the pupil and to the school as a whole. School should be considered a full time job. It should not be considered an activity in which to engage when there is nothing else to do. Punctuality and regularity are good old-fashioned virtues that have stood the test of time. They are worth practicing still.

A number of activities have been sponsored by the school. Both boys' and girls' teams have been organized in basketball. The school has been represented at some of the ski meets and carnivals held in this section and with the Woodstock Outing Club they have sponsored a successful ski meet here on January 25. A skating rink has been made on the school ground which added to the recreational activities during the recesses and noon hour. The senior play, produced under the direction of Miss Blanchard, was very successful. The senior class has also sponsored whist parties in order to raise money for their class trip. Socials sponsored by the different classes are held periodically. Work has begun on the school paper. Participation in these activities is encouraged. Desirable personality traits can be developed in this way more effectively than in the classroom.

A motion picture projector would be a very desirable addition to the school equipment. At the present time there is available many worthwhile films which can be secured for use upon payment of a very small fee. Such a piece of equipment could be used in the grade school as well as in the high school and would add greatly to the effectiveness of instruction.

The school building is well lighted; it is well supplied; it is clean and warm at all times.

In closing I would like to emphasize the fact that the education of children is a problem for the home, the church, and the school. If any one of the three fails in its responsibilities, then its work must be assumed by the others or left undone. More desirable results are secured when all these social agencies are working cooperatively toward a common goal.

Respectfully submitted,

STEWART D. THOMPSON,

Headmaster.
